29 - 30 May 2025 | Madrid, Spain

## **Navigating the Insurance Landscape: Regulation and Innovation in the European Insurance Markets**

University Carlos III of Madrid  
[Campus Puerta de Toledo-Auditorio](#)  
Ronda de Toledo, 1, 28005 Madrid

*How is the insurance market reacting to the challenges of the changing world? Is it quick enough to keep up with the rapid climate change, technological innovation, societal trends and geopolitical realignment?*

*Throughout the world, natural catastrophes are now a different reality and there is increased mobility for the creation of new structures for prevention and recovery. At the same time, the means to communicate with clients and the risks which they are facing are evolving. Are there universal trends or should individualized needs be the focus? What is the way to effectively encompass both universal and individual*

needs? Is regulation moving to address the changing model of insurance, and is technology utilized as a useful tool?

These and more questions will be the subject of insightful and vivid presentations, exchanges and dialogue at the 11<sup>th</sup> AIDA Europe Conference in Madrid. Participants are invited to meet specialists and engage with academics, practitioners, regulators, technologists, strategists and business experts. The programme strives to combine legal, business and technology aspects which will provide the real dynamics of Regulation and Innovation in the Insurance Market.

As a bonus, you will have the opportunity to meet and spend time with your peers in the imposing and vibrant city of Madrid, with its many attractions and places-to-be.

### AIDA Europe

Association Internationale de Droit des Assurances Europe  
International Insurance Law Association Europe

For the Conference Organising Committee

**Maria Luisa Muñoz Paredes - Pierpaolo Marano** Co-Chairs, AIDA Europe  
**Rafael Illescas Ortiz** Chair, SEAIDA  
**Pilar Perales Viscasillas** Board member, SEAIDA

Thanks are also acknowledged for the personal financial contributions among other gifts of money or support from some members of the AIDA Presidential Council among others towards the staging of this event.

## AIDA Europe

AIDA Europe was established in 2007 as a non-profit organization with the aim of promoting, either directly or through its members, the development of insurance and related laws. It attempts to achieve this mainly through:

- furthering the study and knowledge of international and national insurance law and of related matters;
- proposing measures aiming at the harmonization of insurance law or the means for resolution of insurance disputes;
- facilitating exchange of academic knowhow between its Members or any other European organization dealing with insurance related matters, similar to those of AIDA Europe;
- supporting academic work in the field of insurance, e.g. through cooperation with universities or the sponsoring of academic research and papers.

AIDA Europe organizes conferences focus on the European jurisdictions, offering all interested stakeholders a platform for an open and solution minded scientific and practice related dialogue on key developments in the area of insurance, reinsurance and related law, while also supporting its members in their respective endeavors. Conferences are open to all stakeholders attracting representatives from all areas such as the insurance sector, academia, private practice, regulatory authorities or legislators. AIDA Europe also maintains a keen focus on supporting the development of young academic talents by sponsoring academic work and by inviting young academics to its conferences.

AIDA Europe is a non-profit organization pursuing altruistic goals and has its seat in Zurich / Switzerland. Its events are open to all interested parties.

## CONFERENCE VENUE

**University Carlos III of Madrid, Madrid**

**Campus Puerta de Toledo**

<https://espacios.uc3m.es>

**uc3m**

## ACCOMMODATION Hotels *(to be booked individually by delegates)*

Madrid has a wide range of hotels of all categories. Below is a list (purely exemplary) of 5 and 4 star hotels located in different areas of the city and another list of hotels that are directly close to the event venue (Campus Puerta de Toledo area). There are many other hotels that can also be recommended. Naturally, there is also a wide range of tourist apartments that can be booked through Airbnb or Booking.com, for example, or other websites.

Madrid is a safe city and very well connected by metro and by taxi, Uber, Cabify and the like. The (official) taxis run constantly along the main avenues and it is not necessary to hire them in advance, unless you are in a very small street or far from the centre. So staying outside the conference area is not a problem, if you prefer to stay in a more upmarket hotel or simply in a more commercial area.

### • 5 STAR HOTELS
